

WORKSHEET OUTPOST | Grade 2 Math

Addition stories with one or two steps

OW-G2-002 | Five questions

Success criteria

I can choose addition or subtraction to solve a story problem.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. The club has 31 pencils. On Monday it gets 12 more pencils. On Tuesday it gets 5 more. How many pencils does the club have now? Show both steps.

2. The club has 40 pencils. On Monday it gets 12 more pencils. On Tuesday it gets 5 more. How many pencils does the club have now? Show both steps.

3. The club has 49 pencils. On Monday it gets 12 more pencils. On Tuesday it gets 5 more. How many pencils does the club have now? Show both steps.

4. The club has 61 pencils. On Monday it gets 12 more pencils. On Tuesday it gets 5 more. How many pencils does the club have now? Show both steps.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
