

WORKSHEET OUTPOST | Grade 2 Math

Sides, corners, and angles

Success criteria
I can identify a shape by its sides and corners.

OW-G2-084 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. How many angles does a triangle have? Draw and mark them.

2. How many angles does a rectangle have? Draw and mark them.

3. How many angles does a pentagon have? Draw and mark them.

4. How many angles does a hexagon have? Draw and mark them.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
