

WORKSHEET OUTPOST | Grade 2 Math

Adjust numbers to make subtracting easier

OW-G2-085 | Five questions

Success criteria
I can use tens and ones to add or subtract within 100.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. 52 - 17 = ___. Use a nearby ten, then adjust.

2. 72 - 28 = ___. Use a nearby ten, then adjust.

3. 82 - 29 = ___. Use a nearby ten, then adjust.

4. 86 - 21 = ___. Use a nearby ten, then adjust.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
