

WORKSHEET OUTPOST | Grade 2 Math

Record three-digit sums by parts

Success criteria
I can use place value to add or subtract three-digit numbers.

OW-G2-016 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. 246 + 134 = ___. Add hundreds, tens, and ones separately, then combine.

2. 368 + 225 = ___. Add hundreds, tens, and ones separately, then combine.

3. 419 + 173 = ___. Add hundreds, tens, and ones separately, then combine.

4. 594 + 247 = ___. Add hundreds, tens, and ones separately, then combine.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
