

WORKSHEET OUTPOST | Kindergarten Math

Explain a counting pattern

Success criteria
I can start at a number and count on from there.

OW-K-029 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Fill in: 28, 29, ___, 31. What changed after 29?

2. Fill in: 48, 49, ___, 51.

3. Count by tens: 60, 70, ___, 90, ___.

4. Sam counts 96, 97, 99, 100. What number is missing?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
