

WORKSHEET OUTPOST | Grade 1 Math

Check another addition explanation

Success criteria
I can count on to add or count back to subtract.

OW-G1-005 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Kai counts 3 steps from 8, but counts 8 as the first step. Kai gets 10. Explain and fix the mistake.

2. Kai counts 4 steps from 9, but counts 9 as the first step. Kai gets 12. Explain and fix the mistake.

3. Kai counts 5 steps from 7, but counts 7 as the first step. Kai gets 11. Explain and fix the mistake.

4. Kai counts 6 steps from 9, but counts 9 as the first step. Kai gets 14. Explain and fix the mistake.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
