

WORKSHEET OUTPOST | Grade 1 Math

Balance both sides of an equation

OW-G1-052 | Five questions

Success criteria
I can tell whether both sides of an equal sign have the same value.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. 3 + 2 = ___ + 2. Make the equation true. Check both sides.

2. 4 + 1 = ___ + 2. Make the equation true. Check both sides.

3. 5 + 3 = ___ + 2. Make the equation true. Check both sides.

4. 6 + 2 = ___ + 2. Make the equation true. Check both sides.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
