

WORKSHEET OUTPOST | Grade 1 Math

Find a total with three parts

OW-G1-078 | Five questions

Success criteria

I can use something I know about addition to find a sum.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. 3 + 2 + 1 = ___. Circle two addends to combine first.

2. 4 + 1 + 2 = ___. Circle two addends to combine first.

3. 5 + 3 + 3 = ___. Circle two addends to combine first.

4. 6 + 2 + 4 = ___. Circle two addends to combine first.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
