

WORKSHEET OUTPOST | Grade 1 Math — Supported

Choose plus or minus in a story

Success criteria
I can choose addition or subtraction to solve a story problem.

OW-G1-053 E1 | Five questions

Name: _____ Date: _____

Listen as an adult reads each question. Use counters or draw a picture to solve it.

1. There are 8 small shells and 4 big shells. How many are there altogether?

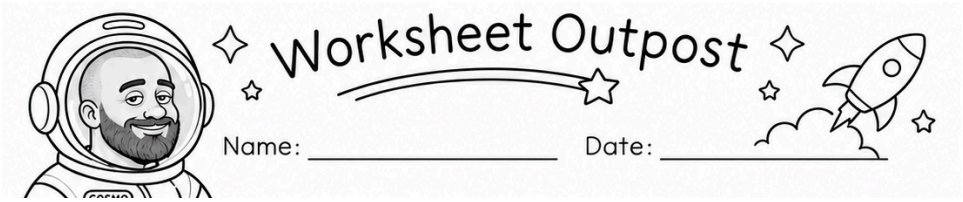
2. There were 10 paper planes. 3 flew away. How many remain?

3. There are 10 small shells and 5 big shells. How many are there altogether?

4. There were 13 paper planes. 4 flew away. How many remain?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.



WORKSHEET OUTPOST | Grade 1 Math — Supported

Choose plus or minus in a story

Success criteria
I can choose addition or subtraction to solve a story problem.

OW-G1-053 E2 | Five questions

Name: _____ Date: _____

Work with a partner. Build a model, then say or write your answer.

1. There are 8 small shells and 4 big shells. How many are there altogether?

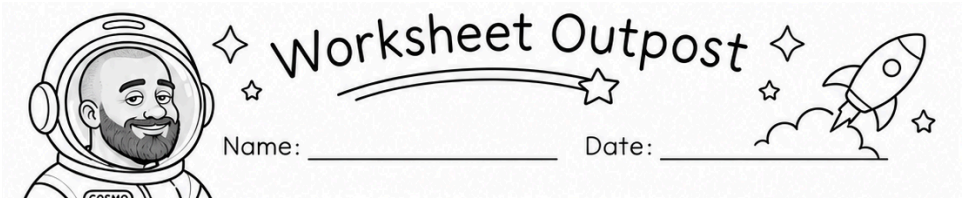
2. There were 10 paper planes. 3 flew away. How many remain?

3. There are 10 small shells and 5 big shells. How many are there altogether?

4. There were 13 paper planes. 4 flew away. How many remain?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.



WORKSHEET OUTPOST | Grade 1 Math — Supported

Choose plus or minus in a story

Success criteria
I can choose addition or subtraction to solve a story problem.

OW-G1-053 E3 | Five questions

Name: _____ Date: _____

Work with a helper. Use objects, a number line, or a drawing to solve each problem.

1. There are 8 small shells and 4 big shells. How many are there altogether?

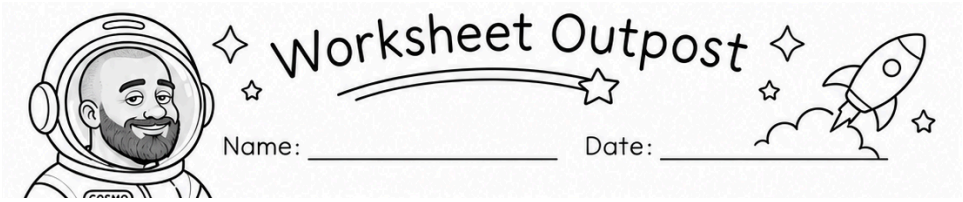
2. There were 10 paper planes. 3 flew away. How many remain?

3. There are 10 small shells and 5 big shells. How many are there altogether?

4. There were 13 paper planes. 4 flew away. How many remain?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.



WORKSHEET OUTPOST | Grade 1 Math — Supported

Choose plus or minus in a story

OW-G1-053 E4 | Five questions

Success criteria
I can choose addition or subtraction to solve a story problem.

Name: _____ Date: _____

Ask an adult to show you how to start. Then finish the problem together.

1. There are 8 small shells and 4 big shells. How many are there altogether?

2. There were 10 paper planes. 3 flew away. How many remain?

3. There are 10 small shells and 5 big shells. How many are there altogether?

4. There were 13 paper planes. 4 flew away. How many remain?
