

WORKSHEET OUTPOST | Grade 2 Math

Count in steps of five, ten, or one hundred

OW-G2-069 | Five questions

Success criteria
I can skip-count by fives, tens, and hundreds.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Count by fives: 675, ___, ___, ___.

2. Count by tens: 860, ___, ___, ___.

3. Count by hundreds: 500, ___, ___, ___.

4. Count by tens: 970, ___, ___, ___.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
