

WORKSHEET OUTPOST | Kindergarten Math

Joining two small sets

OW-K-008 | Five questions

Success criteria

I can show what happens when I put groups together or take some away.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Count both groups. How many are there in all?

○ + ○

2. Count both groups. How many are there in all?

○ ○ + ○ ○

3. Count both groups. How many are there in all?

○ ○ ○ + ○

4. Count both groups. How many are there in all?

○ ○ ○ ○ + ○ ○

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
