

WORKSHEET OUTPOST | Grade 1 Math

Switch the parts of a sum

OW-G1-095 | Five questions

Success criteria

I can use something I know about addition to find a sum.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. 3 + 2 = ___. Switch the addends: 2 + 3 = ___. What stays the same?

2. 4 + 1 = ___. Switch the addends: 1 + 4 = ___. What stays the same?

3. 5 + 3 = ___. Switch the addends: 3 + 5 = ___. What stays the same?

4. 6 + 2 = ___. Switch the addends: 2 + 6 = ___. What stays the same?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
