

WORKSHEET OUTPOST | Grade 1 Math

Explain a subtraction decision

Success criteria
I can use an addition fact to find a missing number in subtraction.

OW-G1-168 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Mia says 12 - 4 = 9. Use addition to decide if this is true.

2. Mia says 13 - 5 = 9. Use addition to decide if this is true.

3. Mia says 14 - 6 = 9. Use addition to decide if this is true.

4. Mia says 15 - 7 = 9. Use addition to decide if this is true.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
