

WORKSHEET OUTPOST | Grade 1 Math

Explain a number-list pattern

OW-G1-029 | Five questions

Success criteria
I can count on and write the missing numbers in order.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Write the next two numbers after 39. Explain what happens when you pass the next ten.

2. Write the next two numbers after 69. Explain what happens when you pass the next ten.

3. Write the next two numbers after 99. Explain what happens when you pass the next ten.

4. Write the next two numbers after 109. Explain what happens when you pass the next ten.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
