

WORKSHEET OUTPOST | Grade 1 Math

A ten-step increase

Success criteria
I can add ten and explain which digit changes.

OW-G1-001 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. What is 10 more than 24? Explain which digit changes.

2. What is 10 more than 35? Explain which digit changes.

3. What is 10 more than 46? Explain which digit changes.

4. What is 10 more than 58? Explain which digit changes.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
