

WORKSHEET OUTPOST | Grade 1 Math

Count the cents in a coin group

OW-G1-190 | Five questions

Success criteria
I can count the values of the coins to find how many cents there are.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. You have 2 nickels and 3 pennies. How many cents do you have? Show how you counted.

2. You have 1 dime and 4 pennies. How many cents do you have in all? Show how you counted.

3. You have 1 quarter and 1 nickel. How many cents do you have? Show how you counted.

4. You have 2 dimes and 2 nickels. How many cents do you have? Show how you counted.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
