

WORKSHEET OUTPOST | Grade 1 Math

What does each clock hand show?

OW-G1-197 | Five questions

Success criteria

I can point to the hour hand and minute hand and tell what each shows.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Circle the minute hand. Put a star by the hour hand. Tell what each hand shows.

2. Circle the minute hand. Put a star by the hour hand. Tell what each hand shows.

3. Circle the minute hand. Put a star by the hour hand. Tell what each hand shows.

4. Circle the minute hand. Put a star by the hour hand. Tell what each hand shows.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
