

WORKSHEET OUTPOST | Grade 1 Math

Solid features that matter

Success criteria
I can identify a shape by its sides and corners.

OW-G1-159 | Five questions

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. A cube is blue and small. Another is red and large. Can both be cubes? Name a feature that explains your answer.

2. A sphere is blue and small. Another is red and large. Can both be spheres? Name a feature that explains your answer.

3. A cylinder is blue and small. Another is red and large. Can both be cylinders? Name a feature that explains your answer.

4. A cone is blue and small. Another is red and large. Can both be cones? Name a feature that explains your answer.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
